SINGLE PACKAGING

PRODUCT CODE

040399007 SINGLE USE LARYNGEAL

MASK SIZE 5

Product made of phthalate-free PVC material and is latex free.

The medical device consists of a very soft and atraumatic headset that adapts perfectly to the laryngeal tissues avoiding possible microtrauma ensuring excellent tightness and allowing good ventilation. The cuff in the back is reinforced with a thicker wall that ensures good insertion and easy positioning of the device.

The laryngeal mask is equipped with an inflation line equipped with a valve and integrated into the wall of the ventilation pipe.

The device is available in 6 sizes with color code for a faster identification of the product in any type of situation.
