PRODUCT CODE

TEC06368 OPTIVAC VACUUM MATTRESS 6
CHAMBERS

The vacuum rescue mattress OPTIVAC is the ultimate in quality (easy to clean thanks to the fully sealed unit), safety, handling and hygiene.

Equipped with permanent integrated bottom support made of durable material with 14 perimeter handles, which increases the convenience during transport, 3 straps for fixing the patient, adjustable on both sides and replaceable in case of defect, complete the equipment a safety strap for the head.

Microspace filling ensures optimal pressure distribution and shaping.

The OPTIVAC vacuum relief mattress is equipped with a self-closing safety valve with vacuum limiter.

Extremely robust thanks to the two-component PU film in solid material.

Perfect compatibility with all standard restraint systems.

6-chamber system, part of the head designed for separate modeling.

Radio-transparent, suitable for X-ray, CT and MRI treatments.

DIN EN 1865
