PRODUCT CODE:

130101022: ILS BACKPACKPL 600

BLUE COLOR

Compact backpack for the emergency, born to reduce the spaces on emergency vehicles. It is provided with two front pockets for medical devices of first necessity. The 10 mm hinges provide high resistance and an ermetic closure.

The hinge is resistant to the atmospheric events and doesn't undergo any alteration if it comes into contact with water, oil and blood. The backpack can be carried by means of two handles at the top and on the sides of the backpacks.

There is a 2 mm rubber covering parts that may come into contact with the soil so that oils and blood could enter the backpack and be absorbed by it.

The shoulder straps are ergonomics and padded to offer the maximum comfort to the operator.

The backpack is fomed by two wide rooms that allow to put colored bags to differ the medical device.

The backpack is customizable with logos and writings.

It is made in PLS600 or in Extreme PVC and produced in Italy.
