PRODUCT CODE

290306646 SPLITTABLE BASKET BACKBOARD

150110001 LIFTING BELTS FOR SPLITTABLE BASKET AND ROLLY BACKBOARD

Basket backboard in high density polyethylene with aluminum frame, complete with polyurethane foam mattress and adjustable footrest.

Supplied with 3 quick release safety belts.

Very light, it is suitable for transporting injured people in poor conditions.

SPLITTABLE VERSION IN 2 PARTS to improve transport and storage operations.

Description of Lifting Belts for Splittable Basket and Rolly Backboard

Harness can be used for lifting and transporting the Basket and Rolly backboard.

It consists of a main hook that can be attached to the winch of the rescue vehicle, two main belts (whose length is adjustable) and four belts equipped with carabiner for anchoring to the stretches indispensable in all situations of horizontal and vertical lifting.

Made of durable nylon woven, it is equipped with steel carabiners with safety catch. The adjustable harness system allows a safe lifting of the basketball stretcher, thanks to a safety coefficient of 7:1 that guarantees the safety of patients and operators even in situations at the limit of product performance.
